>>> Dear authors,
>>>
>>> We are pleased to inform you that, based on the score your paper
>>> received during the review phase and your preferences (as
>>> indicated in your survey response), your paper has been allocated
>>> to the Journal of Industrial Engineering and Management for
>>> further consideration by referees for the possibility of being
>>> published in the special issue.
>>>
>>> Please follow these instructions to submit your paper to JIEM
>>>
>>> -   The authors will upload the article selected by the
>>> conference editors to the JIEM website in the section named:
>>> CIO24.
>>>
>>> -   They must register all the authors of the article in the
>>> document's metadata.
>>>
>>> -   The metadata included will be: full name, email, ORCID
>>> number, affiliation, country.
>>>
>>> -   In a supplementary file they will attach the pdf of the
>>> conference letter as it has been selected as the best paper for
>>> the Special Issue along with the peer reviews that have been made
>>> during the conference
>>>
>>> Author Guidelines
>>>
>>> -   Formatting: Authors should use the journal's templates to

>>> format their articles. Microsoft Word (doc) templates are
>>> available on the website. Failure to follow these guidelines will
>>> result in additional work for JIEM editors and staff, potentially
>>> leading to immediate rejection of your paper. Ensure your
>>> submission meets the formatting requirements.
>>>
>>> -   Previous Presentations and Improvements: As your paper was
>>> previously presented at CIO 2024, it must be substantially
>>> improved to be considered for review. Include proper references to
>>> these previous publications. The journal requires that articles do
>>> not closely resemble the 6-page template in length, content, or
>>> contribution.
>>>
>>> -   Evaluation Process: An article submitted to JIEM will be
>>> evaluated by the editor-in-chief. Only if the editor-in-chief
>>> accepts the manuscript will it proceed to publication.
>>>
>>> -   Rejection Policy: The editor-in-chief has the authority to
>>> reject a submission. The main reasons are:
>>>
>>> ×   Poor use of English
>>>
>>> ×   The papers do not meet with the focus and scope of the
>>> journal
>>>
>>> ×   Low scientific quality of the paper
>>>
>>> ×   No following the author guidelines of the journal
>>>
>>> ×   Received after the deadline
>>>
>>> ×   Copyright or plagiarism problems
>>>
>>> -   Publication Fee: The minimum publication fee is 495 EUR
>>> per accepted paper. It should be managed by the authors at their
>>> own expense.
>>>
>>> -   Submission Deadline: The deadline for receiving papers in
>>> JIEM is 30-10 2024.
>>>
>>> -   Publication Date: The publication date is scheduled for
>>> April-May 2025.
>>>
>>> Finally , we would like to take this opportunity to thank you for

>>> submitting your contributions to the CIO 2024 conference and we
>>> remain at your disposal for any clarification or comments
>>> regarding this matter.
>>>
>>> Best regards,
>>>
>>> Mercedes Grijalvo
